

This past May 13th , due to Mothers` Day, Geraldine Meitzner and Mayi Zambrano, Guayaquil Beauty Queen and the Star of October respectively visited 50 mothers who gave birth at The Alfredo G. Paulson Women`s Hospital belonging to La Junta de Beneficencia de Guayaquil.

The visit provided an opportunity to greet the mothers on their commemorative day and, at the same time, deliver diaper kits, vitamins and products for the care and hygiene of their newborn.

Geraldine Meitzner was quite moved as she walked and talked with each of the mothers hospitalized in the basic area of the entity. "This is the best moment to celebrate the mommies, specially those who are in the hospital waiting to deliver their babies", she pointed out.
